Re: William Steven's clothing  
sent to tailors.

Timothy Newell Pfeiffer, Esq.,  
120 Broadway,  
New York City.

Dear Sir:-

The tailoring concern of Lyons & Parker of 83 Church Street, New Brunswick, N. J., where William Stevens formerly purchased clothing and furnishings and also has his suit pressed and cleaned, are no longer in business. The ledger of the firm is in the possession of Richard T. Parker of 47 Paterson Street, New Brunswick.

I examined the ledger and find the statement of his account for the month of September, 1922, as follows,

Sept. 16.	Black Suit .....	\$38.00
" "	Hat \$4.00, Tie \$.75.....	4.75
" 20	Scour & repair 2 suits..	3.00
		<hr/> \$45.75

Paid October 4th, 1922.

Mr. Steven's account covers a long period of time and was a active one. Mr. Parker states that if we desire to make a complete transcript of the entire account, he will let us take the ledger to the office and copy same. I think that it might be well to have this record as the various entries tend to show that the scouring of the clothing on this particular occasion was not an unusual thing as practically every suit he sent had to be scoured. If you desire the record, I will have a complete transcript made.

Mr. Parker informed me that he did not see the suits in question but he knows that all suits sent in were spotted and dirty and they were sent out to cleaners. He has no way of telling at this time the cleaners to whom these suits were sent. He says that there have been various cleaners around New Brunswick from time to time and he has patronized a number of them. I suggested the Staten Island Cleaning Company, but he said all of their work of this nature was done by local people.

He says that the entries in the ledger were made by their bookkeeper, a Miss Jernee. He believes she has since married a man name Johnson and that she is around New Brunswick. If necessary he can probably locate her.

Respectfully yours,

*David Thompson*
